

1 July 2024

WC-CMD-ACMF Joint Sustainable Finance Working Group Industry Advisory Panel

The ASEAN Capital Markets Forum (ACMF) and the ASEAN Working Committee on Capital Market Development (WC-CMD) are pleased to announce the appointment of the WC-CMD-ACMF Joint Sustainable Finance Working Group (JSFWG)'s Industry Advisory Panel (IAP) Members for the 2024-2026 term.

ACMF and WC-CMD established the IAP in 2021 with the aim of engaging with and receiving feedback from the private sector on ACMF and WC-CMD's sustainable finance agendas and initiatives and has proven to be a valuable interaction point for the capital market regulators and industry in advancing the important regional sustainable finance agenda.

The IAP operates under the auspices of the WC-CMD-ACMF JSFWG, which coordinates the sustainable finance agenda for ACMF and WC-CMD, including the implementation of the recommendations in the ACMF Roadmap for ASEAN Sustainable Capital Markets and the WC-CMD Report on Promoting Sustainable Finance in ASEAN. The Sustainable Finance Institute Asia (SFIA) will continue to be the convener of the IAP.

The IAP comprises member organisations from the three main segments of the financial ecosystem – capital markets, banking and insurance, as well as other important parts of the ecosystem including from the legal, accounting and financial services fields. The members also represent a mix of both regional and global interests.

Working Groups are formed under the IAP to address priority areas during the JSFWG term. The priority areas for the 2024-2026 term are – (i) a Sustainable Finance Taxonomy for ASEAN, (ii) Transition Standards, (iii) Disclosures, and (iv) Strengthening Demand and Supply for Sustainable Finance.

The twenty-six members and six observers of the 2024-2026 IAP, and the working groups they will participate in, are listed in the tables below. The ACMF and WC-CMD look forward to working with the IAP and other stakeholders in advancing the sustainable finance agenda in ASEAN.
